Where fine living has a new point of view

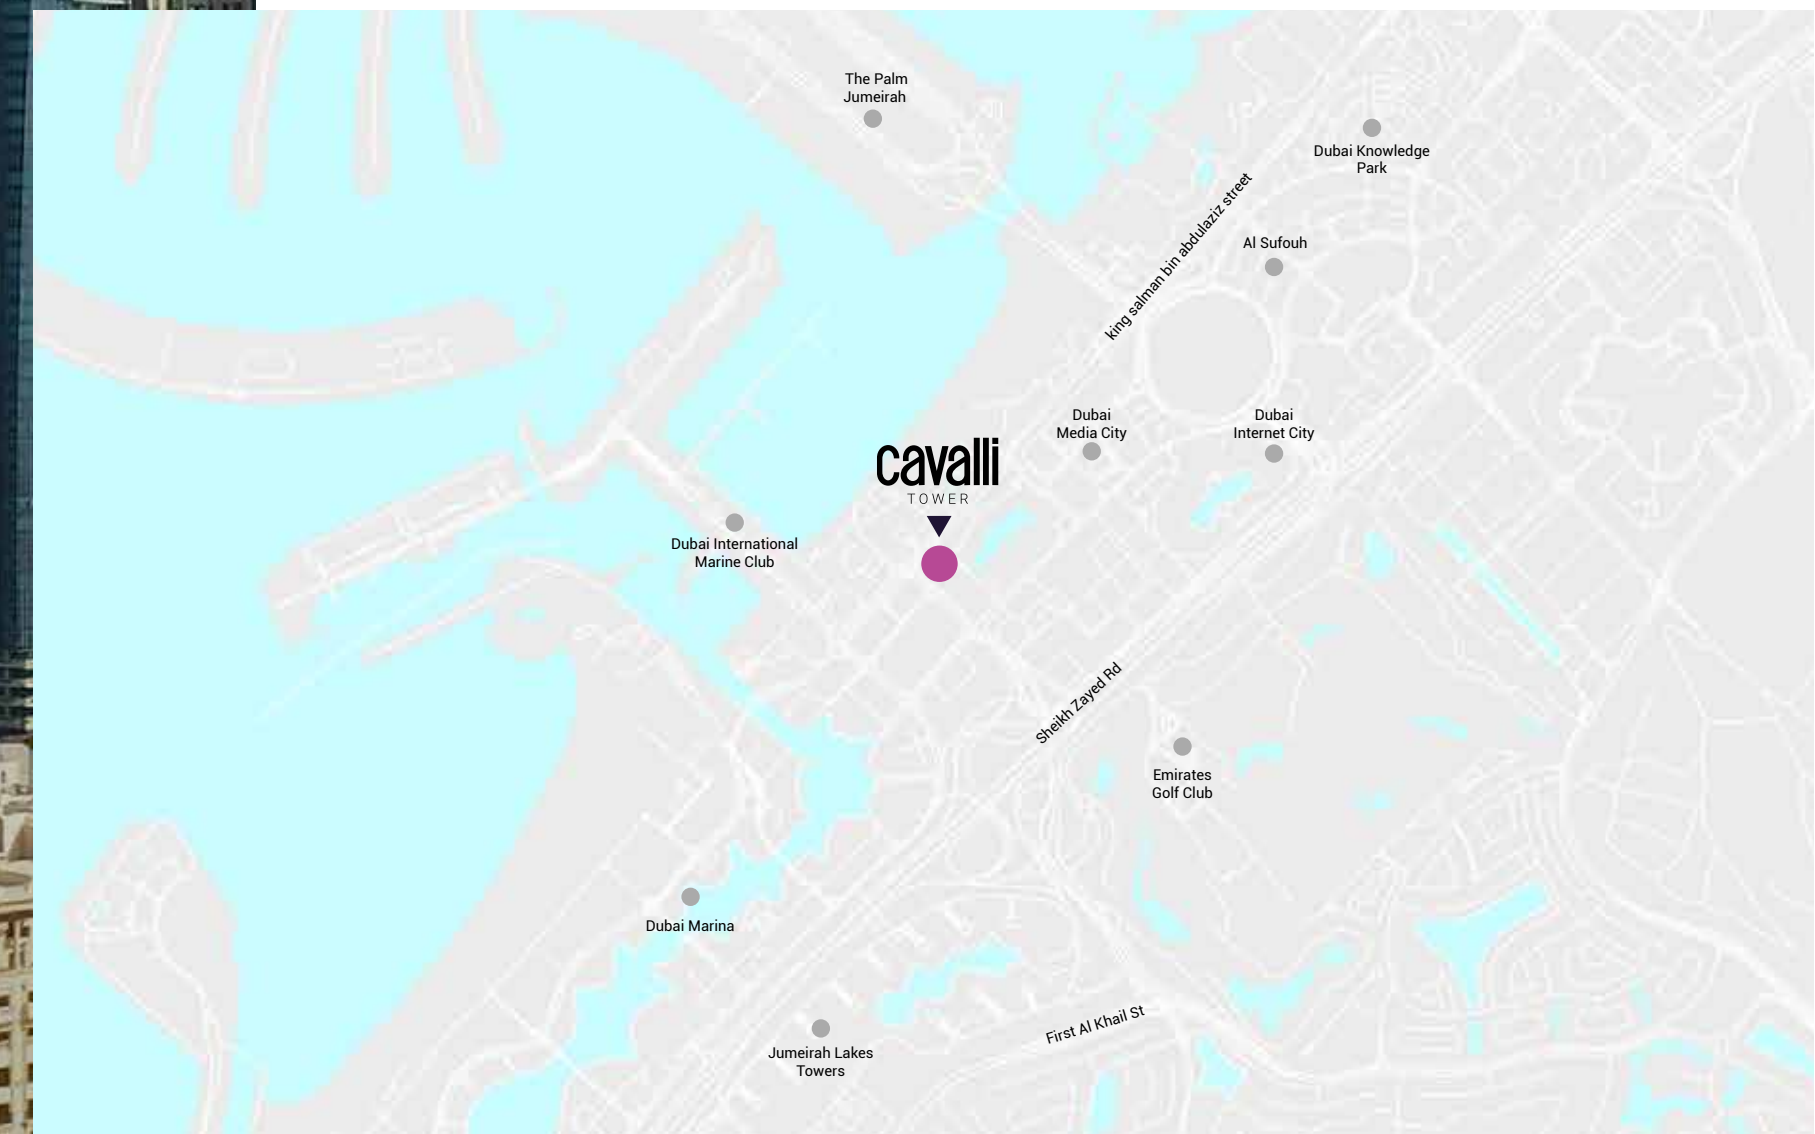

Overlooking the Palm and crafted to take your breath away, Cavalli Tower is a lifestyle designed for a discerning few. This is where iconic experiences abound in a 70-storey luxury tower calling for those who live life, limitless.

Where the world is at your doorstep

Cavalli Tower rises through Al Sufouh, a high-profile neighbourhood in Jumeirah, stretching towards the north-western side of Dubai Marina with Dubai Internet City, Dubai Media City and Dubai Knowledge Village at the other end.

Where the waves
come to you

Make time to soak up the sun and take in the breeze, all without ever leaving home. Slip into your flip flops and amble across to the 900-square-metre beach pool with pop-up F&B service, making it the perfect spot when the sun goes down.

Where nature floats on air

Reserve your table for a rare dining experience served up by signature chefs at live cooking stations, just by the sky pool at level 58. All of it while the light floods onto the carefully curated sky garden, adding to a richly gratifying ambience.

The nature of luxury

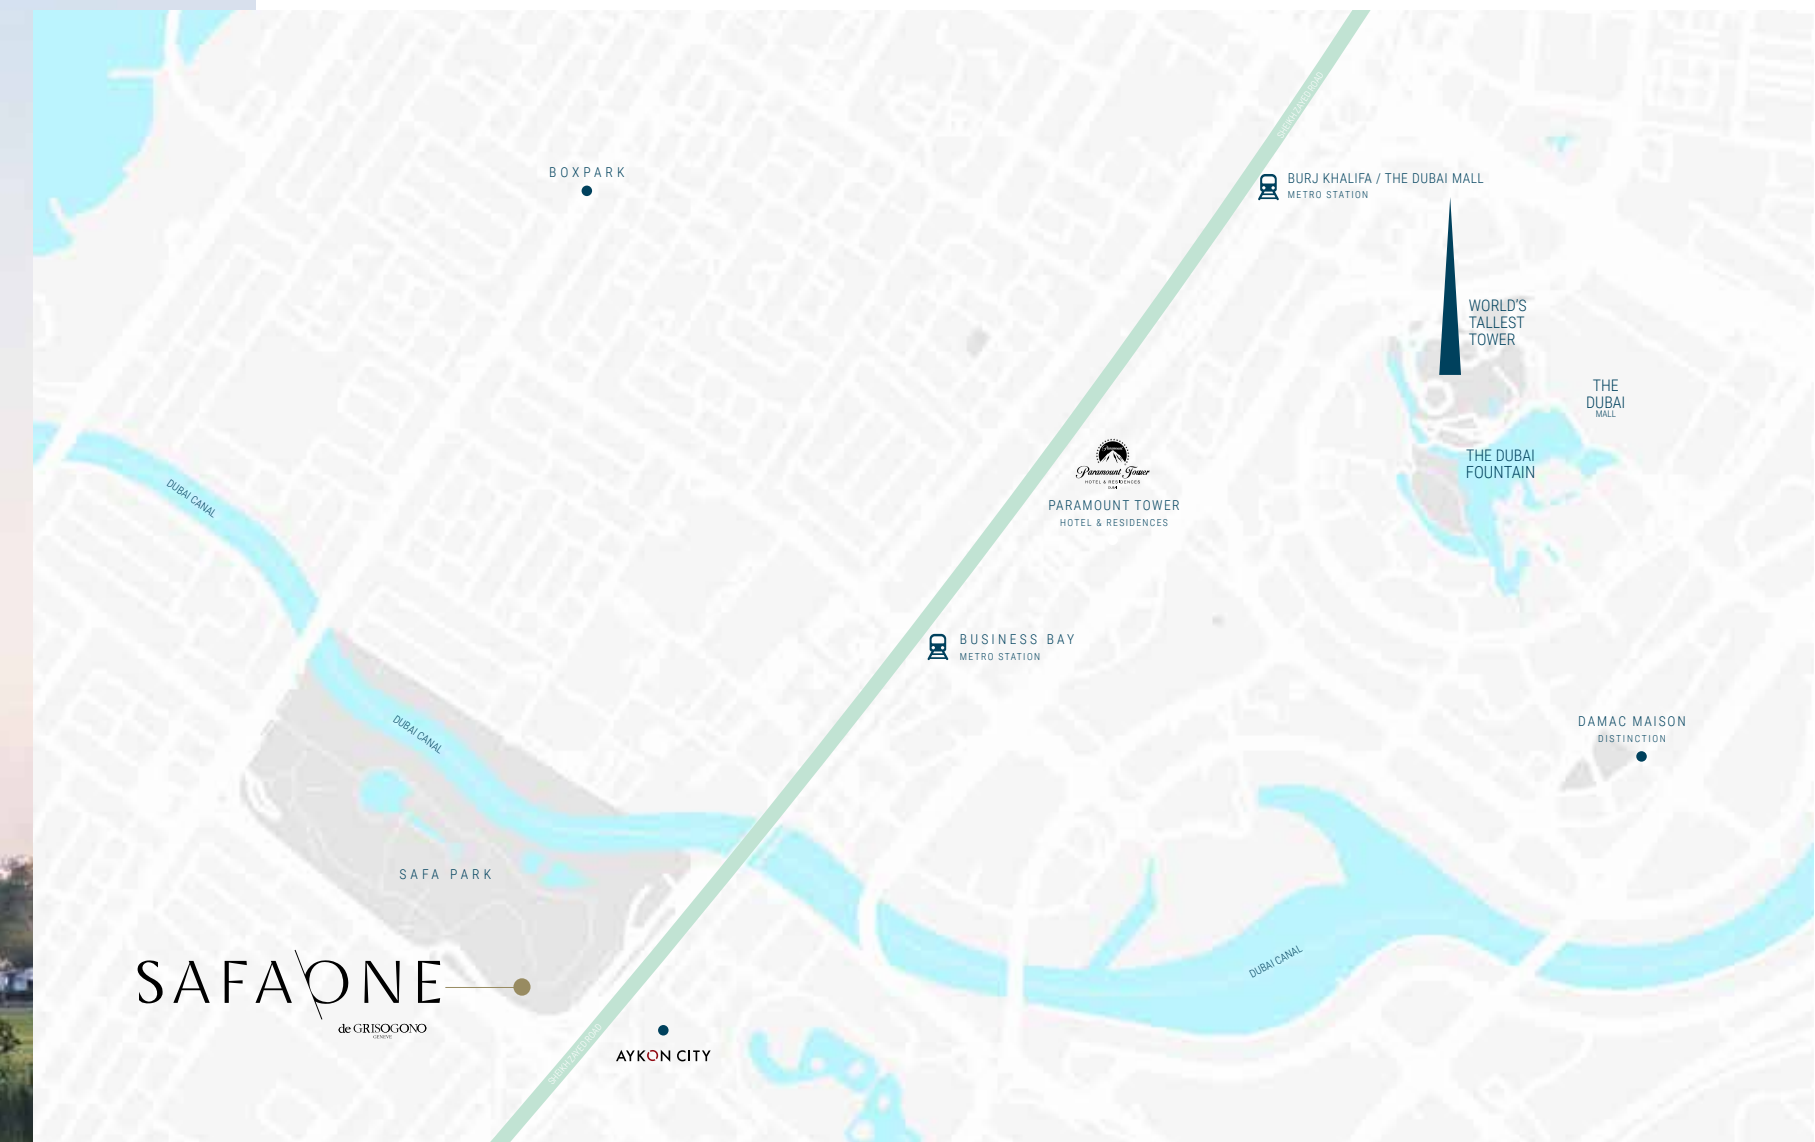

Where the line between the opulence of nature and the elegance of home is blurred, and life is lived amid the emerald brilliance of shade-casting trees, tropical plants and the world's rarest jewels. This is the nature of luxury. This is Safa One.

Luxury is a location like no other

Rising along Sheikh Zayed Road, Safa One lets you take in sweeping views of Safa Park, World Islands and Bulgari Island from one side, and breathtaking vistas towards Burj Al Arab, Palm Jumeirah and Atlantis on the other.

Stroll between the podium's exotic trees and flowers before casting your gaze towards Safa One's two towers, where enchanted gardens ascend the building like a necklace of jade, strung from the sky.

Luxury brings the beach to your door

Safa One offers you two unique beach pools, complete with golden sands. Ease your way into glorious temperature-controlled waters and wade to the edge of infinity. The horizons of our pools come to an end, only for your view of the sea to begin.

Luxury is the highest tropical island on earth

Marvel at an unprecedented rooftop ecosystem 32 metres high and graced by manicured landscapes, birds on the wing and premium F&B. Feel the gush of tropical rain, thanks to a state-of-the-art climate-control system.

The Future Of Luxury

Inspired by the de GRISOGONO signature rubies and the colour of change, excitement and life itself, Safa Two rises along the edge of Sheikh Zayed Road. Its unique design, meant to emulate a cut diamond, is instantly recognisable from miles away.

S a f a T w o

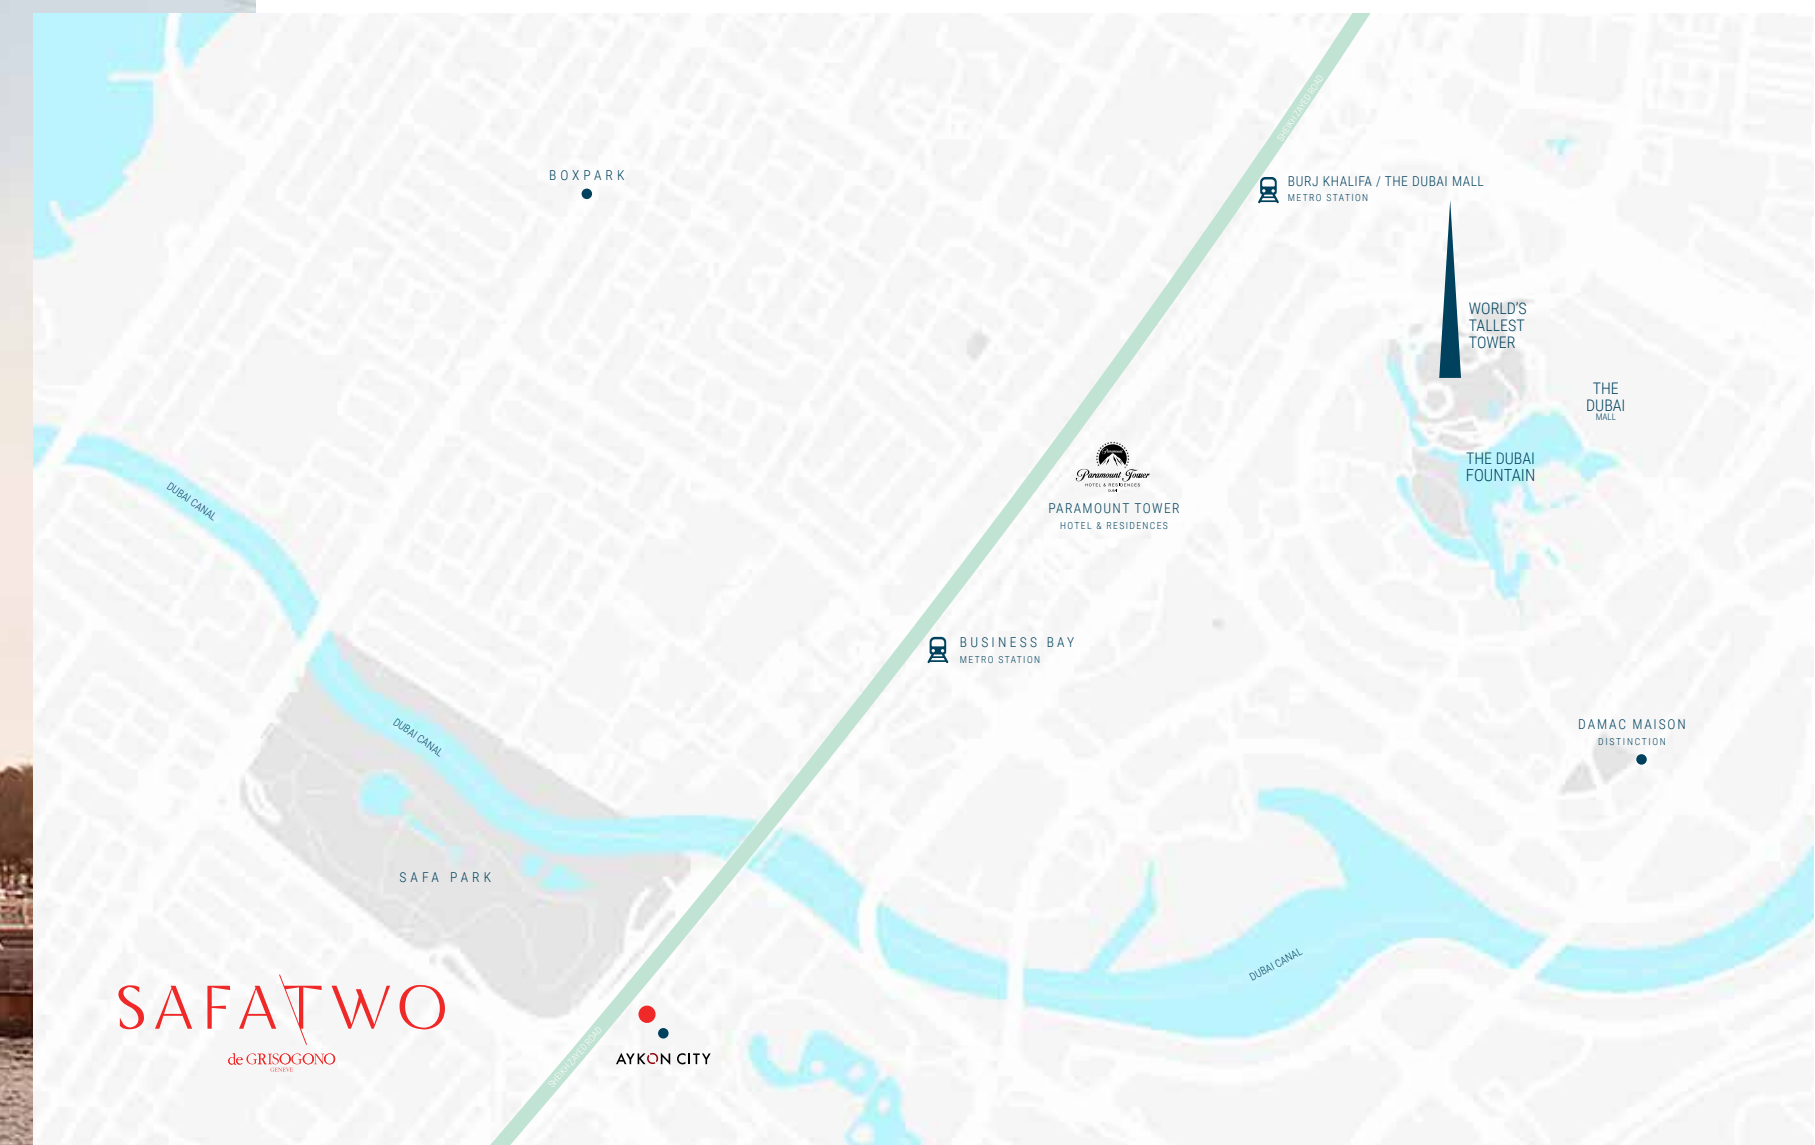

T h e S k y l o f t S C o l l e c t i o n

Gateway to the city

Safa Two sits across the road from Safa One, and together, they're poised to form an elegant archway, marking the passage between central Dubai and its newer areas – and opening up the most dramatic views of the city's landmarks.

Where the waves come to you

Make time to soak up the sun and take in the breeze, all without ever leaving home. Slip into your flip flops and amble across to the 900-square-metre beach pool with pop-up F&B service, making it the perfect spot when the sun goes down.

Take in the Ruby Heart

Perched on a podium at level 60 is an architectural marvel that hosts a one-of-a-kind sapphire infinity pool overlooking Sheikh Zayed Road, high-end F&B and also leads to the statuesque glass bridge that connects the twin towers.

Soak up the sun

Designed to stand out, the podium level artificial beach pool transports you to the sands of Navagio or La Concha, giving you every excuse to bask in the shade of natural palm trees as you take in the magnificent Dubai skyline.

Feel on top of the world

Make time to soak in a misty rooftop tropical paradise. This is Dubai's first and only fog forest, and also the highest one in the world. Stroll through this ethereal garden or dine at the restaurant before being mesmerised by the views at the observatory.

Walk above the clouds

The Edge Walk experience is an adrenalin rush for thrill-seekers as they amble along the edge of the abyss, looking down at the clouds. Not to be outdone, the spiraling Glass Slide opens up spectacular views, for those daring enough to try it.
